

MARFOGLIA

Area: 700,000 sq. ft.

Mandate: Architectural millwork

Schedule: 10 months (2002)

CDP CAPITAL CENTER

This project presented many challenges due to its sheer size. Over 1300 panels were produced using an assembly line set-up. Several key operations such as the machining of edges and application of the finish were performed using special custom-designed machinery.

Location: 1000 Place Jean-Paul Riopelle, Montreal, Quebec **Client:** Société Immobilière Trans Québec (S.I.T.Q.)
Architect: Gauthier, Daoust, Lestage / Faucher, Aubertin, Brodeur, Gauthier / Lemay Associés **Owner:** CDP Capital **Photographer:** Zeina Najjar
