Mr. Mark Marfoglia
Marfoglia Construction
9031 Parkway Boulevard
Anjou QC H1J 1N4

Dear Mark:

We would like to take a moment to thank you and your team for the excellent work and thoughtful guidance provided throughout our 34,000 square foot relocation project.

From the beginning, the project schedule was aggressive. Expanding our operation and moving to a new office design concept meant our project would be very closely monitored by all.

As our construction manager, your skills in managing the sub-trades, designers and engineers ensured that, with very few adjustments, we would complete this project successfully.

Your consistent style and approach, and the creativity and experience of your staff, helped us address some significant site conditions and make smart decisions without any unnecessary delays.

Introducing staff to a new design concept can be challenging. In our case, this challenge was minimized by the quality of the finished product. Your team delivered a clean and professional office environment enriched with exceptional millwork.

As a client, through your detailed documentation of meetings, billings, construction schedules and change orders, we were always aware of all issues as well as their potential impact on time and cost.

We thank you for your personal dedication to success and ask that you extend our thanks to your staff for their craftsmanship and commitment to quality.

We wish you continued success.

Best regards,

Steven Ste.Croix
Vice President, Operations
